

LMP EDUCATION

TEACHING ASSISTANT APPRENTICESHIP LEVEL 3 SEND PATHWAY

This comprehensive Teaching Assistant apprenticeship with SEND pathway offers a range of training modules specifically tailored to meet the challenges of supporting students. Our experienced instructors will guide you in developing the skills necessary to effectively address the diverse needs of students.

Department
for Education

Our curated added value courses and workshops offer unique learning opportunities beyond the core curriculum, allowing apprentices to explore new subjects and deepen their knowledge within the SEND area. These courses foster critical thinking, and a well-rounded education, giving learners a competitive edge in today's dynamic world.

WHO IS THIS COURSE FOR

The course is ideal for Teaching Assistants working in mainstream or specialist schools looking to increase knowledge and understanding around SEND.

This programme contributes towards the DfE's recommendations that all schools have SEND responsibilities or specialism in their setting.

PROGRAMME DETAILS

- Qualification:** Teaching Assistant Apprenticeship Level 3 SEND Pathway
- Duration:** Typically 16 months
- Cost:** £7,000, (covered by the Apprenticeship Levy)
- Training Method:** Blended learning, online and work-based sessions

“

Teaching Assistants significantly contribute to creating an inclusive and supportive learning environment for all students.

TRAINING PROVIDER

TEACHING ASSISTANT APPRENTICESHIP LEVEL 3 SEND PATHWAY

We offer five tutor-led, interactive workshops, each on a topic related to SEND; these include:

- SEND systems: learners will explore different legislations, SEND code of practice and EHCP
- Safe and SEND: apprentices will learn about safe de-escalation methods
- SEND developmental milestones and Strategies: this workshop will cover the milestone differences in child development and the differences in children with special educational needs and disabilities
- Curriculum and SEND: this workshop will be looking at assistive technologies to support children with SEND
- Innovative assessment: this workshop will explore different assessment methods and potential exemptions for children with SEND

Apprentices will also cover the following, bite-sized self-study online courses:

- Understanding Dyslexia
- Understanding Autism
- Understanding ADHD
- Attachment
- Learning Needs

They will also have the opportunity to complete optional CPD modules to enhance their employability skills.

Don't miss this opportunity to embark on a transformative journey as a Teaching Assistant and make a profound difference in the lives of students with SEND. Join our Teaching Assistant SEND Pathway today and gain the knowledge, skills, and recognition you need to provide exceptional support.
