

# Level 2 Certificate

## UNDERSTANDING ADVERSE CHILDHOOD EXPERIENCES

This free course will provide you with an opportunity to develop an understanding of adverse childhood experiences (ACEs) and will equip you with a basic understanding of techniques for preventing and addressing ACEs in practice. Adverse childhood experiences can have an impact on the development and mental health of children and young people, which could then continue into adulthood.

This NCFE course is designed for individuals wishing to work or progress within a wide range of job roles such as nursery staff, teachers, health/social workers, nursing, public services and education and training.

### COURSE UNITS INCLUDE

- Exploring childhood and family structures
- Introduction to adverse childhood experiences
- Understand strategies to improve outcomes for children affected by adverse childhood experiences
