COURSE OVERVIEW

WORK IN PARTNERSHIP WITH INDIVIDUALS AND THEIR COMMUNITIES TO IDENTIFY AND ADDRESS HEALTH AND WELLBEING NEEDS, IMPROVE HEALTH, PREVENT ILL-HEALTH AND REDUCE INEQUALITIES. WITH A FOCUS ON MENTAL HEALTH THIS PROGRAMME CAN HELP TO CREATE A SUPPORTIVE ENVIRONMENT AND PROMOTE HEALTH AND WELLBEING IN THE COMMUNITY.

This funded training programme offers staff within a local authority or organisation the opportunity to learn skills to support the physical, mental, emotional and social health and wellbeing of those around them whilst supporting to build their resilience. Individuals in this role will use a range of methods, and behavioural science, working with people to develop their knowledge, skills and confidence to tackle their own problems and challenges affecting their health and wellbeing. Learn how to implement strategies and policies and to provide interventions that support health and wellbeing for individuals in the organisation or community setting.

ROLE PROFILE

This course is ideal for staff members whose main occupational focus is to support individuals and groups to identify barriers to their health & wellbeing and to signpost them to partner organisations to achieve optimal health & wellbeing outcomes. This programme enables the Health & Wellbeing Champion to use an evidence-based approach alongside partnership organisations to create a health & wellbeing focused culture within the organisation and community.
