SUPPORT YOUR ORGANISATION'S COMMITMENT TO SAFEGUARDING

This apprenticeship training programme equips aspiring Safeguarding professionals with the essential skills, knowledge, and behaviours required to support an organisation, its employees or people who come in contact with employees through safeguarding concerns. Designed for individuals from across all industry sectors, this level 3 programme delivers a professional pathway for future development.

WHAT YOU WILL LEARN

- Principles of safeguarding and how to respond to safeguarding concerns within own scope of practice and organisational protocol.
- Methods for person-centred communication
- How to offer safeguarding advice based on legislation, working in remit of own role.
- The priority and recommended course of action of different safeguarding concerns based on local and national guidance
- Ways of tailoring responses to safeguarding cases to suit the individuals views, feelings and cultural influences
- When and how to escalate complex cases to senior staff in line with local policy and procedures
- Local policy and procedures relating to safeguarding allegations against staff, including whistleblowing, and how to report allegations whilst maintaining confidentiality.
- Ways to use, record and store paper based, digital data and information securely, in line with local and national policies and procedures.
- When and how to share data and information in a safeguarding context, in line with local and national policy and procedures.
- Data sources available to inform safeguarding decisions, in line with local policy and procedures
