£0/£7,000

EPA organisation
NCFE

About the Programme

Develop a career in early years education through this **Level 3 Early Years Educator Apprenticeship** with LMP Education. Gain current skills and develop advanced knowledge to work with children aged 0-5 years in a nursery, preschool or childcare setting.

Who is this programme for?

This apprenticeship is designed for those looking to take the next step in their childcare career while gaining hands-on experience in an early years setting.

Employer Benefits

- Bring fresh enthusiasm and a **willingness to learn**, helping to create a skilled and motivated workforce.
- Cost-effective way to grow your team. This apprenticeship is **government-funded** and can be funded using the apprenticeship levy.
- Apprentices are trained **on the job**, allowing you to shape their skills to fit your setting's specific needs.
- Apprenticeship programmes can also be used to upskill existing members.
- Foster a culture of mentorship and continuous improvement within your setting, **increasing staff retention** and **reducing recruitment costs**.
- By offering apprenticeships, you're investing in the **future of your workforce**. Apprentices are more likely to stay with employers who support their development, helping to improve **staff retention rates** and create a loyal, highly skilled team.

LMP EDUCATION
TRAINING PROVIDER

Early Years Educator

LEVEL 3 APPRENTICESHIP PROGRAMME

Typical Job Roles

Practitioner in Day Nursery, Practitioner in Nursery School, Practitioner in Primary School Reception Class, Pre-School Worker, Childminder and Nursery Nurse

Progression Routes

Upon achievement, learners will gain a license to practice and will be able to enter the workforce as Early Years Educator or progress to higher education.

Are you ready to take your early years career to the next level?

LMP Education offers an Early Years Lead Practitioner Level 5 Apprenticeship which is your next step towards becoming an experienced early years professional.

Career Pathways

Learner Benefits

Hands-on Experience: gain practical, real-life workplace experience.

Recognised Qualification: upon completion of this programme, you will receive a nationally recognised certification and license to practice.

Earn While You Learn: you'll receive a salary while completing your qualification, so no need to worry about student debt. National Minimum Apprentice Wage applies, but some employers pay more.

Ongoing Support: you'll have a workplace mentor and LMP tutor, providing 1-2-1 support through your learning journey.

Career Pathway: after completing Level 3, you can move on to higher qualifications (like Level 4 or Early Years Practitioner). It opens doors to permanent job roles such as Nursery Practitioner, Preschool Assistant, Room Leader or Teaching Assistant.

Develop Key Skills: learn essential skills to work independently with children including communication, safeguarding and child development. You'll also gain confidence in working with children aged 0-5.

What will you learn

LMP's comprehensive curriculum **blends theoretical learning with practical application**, covering essential skills such as identifying when a child is in need of additional support, following the legal requirements and guidance on health and safety, security, confidentiality of information, safeguarding and promoting the welfare of children, and understanding safeguarding policies and procedures.

During this programme you will expand your knowledge in areas such as the **expected patterns of children's development** from birth to 5 years, the significance of attachment and how to promote it effectively, and how children's learning and development can be affected by their stage of development and individual circumstances.

Off the job training

Off-the-job hours are a vital part of this apprenticeship. Training is directly relevant to the programme and can take many forms, including:

- Individual study time for reflection and growth
- Apprenticeship tutor sessions and webinars
- Group learning opportunities (like inset days)
- Shadowing experienced colleagues
- Mentoring from line managers
- 1:1 performance reviews and feedback
- Attending meetings and briefings
- Learning new policies
- Relevant YouTube/TV shows
- Professional development
- Online courses
- Enrichment activities
- Research and learning
- Collaborative planning/resource preparation

At LMP, the supportive tutors will work closely with you to create a personalised training plan that meets all requirements for this programme.

Striving for a Distinction - we provide distinction criteria for all apprentices and encourage everyone to strive for the best outcome.

End point assessment

End-point assessment (EPA) is **an independent assessment that takes place at the end of the apprenticeship training**. This is to test that the apprentice is competent in their occupation. All apprentices must complete an EPA. There are a variety of assessment methods to test apprentices' competency.

Gateway

Gateway takes place before an EPA can start. LMP Education will work with the employer to **review their apprentice's knowledge, skills and behaviours**. This period of time is used to see if the apprentice has met the requirements of the apprenticeship set out in the apprenticeship standard, and they are ready to take the assessment.

Functional Skills

LMP Education provides functional skills support to all our learners. While functional skills are no longer a requirement for learners who are 19+, LMP still offers functional skills training for those who choose to take the qualification.

Our Learners Say

“The best thing about my role is seeing the children learn and develop each day using the skills I have taught them or supported them with. I have had regular check-ins with my LMP tutor where she will either set me the next assignment or give me the opportunity to ask any questions about the work I am doing.”

Sophie, Early Years Educator
Little Scallyways Day Nursery
